PROFILE

Computer Science and Engineering undergraduate with a keen interest in UI/UX and web design. Skilled in creating user-friendly, responsive, and visually engaging digital experiences with a strong foundation in programming and design principles. Possess good knowledge of front-end technologies, basic design tools, and usability concepts. Actively seeking opportunities to apply technical and creative skills, gain hands-on industry experience, and contribute effectively to innovative and growth-oriented projects. Eager to apply my knowledge, learn industry best practices, and contribute to innovative projects as part of a dynamic development team.

EDUCATION

Bachelor of Computer Science

SA Engineering College	2023-2027	CHENNAI
CGPA: 8.9		

HSC

Don Bosco Matriculation Higher Secondary School	2022-2023	CHENNAI
Percentage: 79.6%		

SSLC

Don Bosco Matriculation Higher Secondary School	2020-2021	CHENNAI
Percentage: All pass		

SKILLS

- Communication & Adability
- Problem-Solving & Logical Thinking
- Team Collaboration and Quality Awareness
- Design Tools: Figma
- Java

INTERNSHIP

CYBER SECURITY INTERN

- Developed foundational knowledge in cybersecurity concepts, threat awareness, and security best practices.

- Participated in a structured cybersecurity internship program focused on practical learning and teamwork.
- Collaborated effectively with peers to complete assigned tasks and learning modules.
- Demonstrated enthusiasm, adaptability, and a proactive learning mindset.

PROJECTS

Online Exam Registration System using PHP and My SQL

- Designed and developed a web-based exam registration system using PHP for backend processing and MySQL for database management.
- Implemented secure student registration, login, and exam enrollment functionalities.
- Enabled admin features for managing exams, student records, and registration details.
- Ensured data validation and integrity through structured database design and form handling.

Cosmetic App using Figma

- Developed a complete UI/UX design for a cosmetic mobile application using Figma.
- Applied design principles such as user-centered design, visual hierarchy, and accessibility.
- Designed responsive layouts and interactive prototypes to simulate real user interactions.
- Strengthened skills in wireframing, prototyping, and UI design systems.

CERTIFICATIONS

MATLAB:

- App Building Onramp
- Computer Vision Onramp
- Organize Your Functions
- Optimization Onramp
- Import Data from Multiple Files

CISCO:

- Introduction to Cyber Security

AWS:

- AWS Academy Cloud Foundations
- AWS Academy Cloud Architecting

NPTEL:

- Programming in java | July-October 2024 | 64%

ARTIFICIAL INTELLIGENT:

- NASSCOM Generative AI

HACKER Rank:

- Python (Basic)
- Sql (Basic)

PERSONAL DETAILS

Date of birth	:	12-09-2005
Age	:	20
Gender	:	Female
Marital Status	:	Single
